*“We’re committed to help deploy
comprehensive & reliable integrated
solutions”*

Forlyon Technologies

Integrated Services & Resources

www.forlyontechnologies.com

Project: Accident and Emergency Ward

Location: Jos University Teaching Hospital, Jos, Plateau State.

Scope: Fire Detection and Alarm, Fire Fighting Installations

Project: ULO Plaza

Location: Wuse Zone 6 Abuja

Scope: Fire Detection & Alarm

Introduction

Forlyon Technologies Ltd is an Integrated Services and Resources provision company with a special focus in the area of "Technologies Acquisition".

The case of commercial and industrial activities within the nation and sub Saharan region is dynamic and rapidly evolving. This brings new challenges at the turn of every cycle of developments; challenges which must be faced and overcome.

The area of technical services and resources provision requires concerted efforts to remain on top of technological evolutions.

Our firm is suited to render services in the following specialized fields;

- Security and surveillance
- Access control
- Bio Metric Data Management and Application
- Fire Detection and Alarm Systems
- Fire Fighting Systems
- Emergency Management
- Co-ordinate Resuce & Evacuation
- Home Automation System

We pride ourselves in providing personalized attentive sales, service and inspections in the following disciplines: Detection & Alarm System, Fire Fighting Installations, Intercom Systems, Access Control, Home Automation, Bio-Metric Data Management and special hazard fire protection. What sets us apart is the ability to ensure the safety of your building, your equipment / operations and your employees without having to contract five different vendors. We effectively manage it all! With our corporate office in Abuja, Forlyon Technologies serves clients throughout Nigeria.

Our Core Solutions

Fire Detection & Alarm Sys

We offers intelligent addressable systems ranging from small single alarm panel systems to complete, networkable solutions for large-scale applications. As your business needs change, the modular design of our controllers lets you network additional Fire Alarm Control panels.

Home Automation System

With just one touch on a remote or a wireless tablet or just about any smart device, you can change the lighting mode, adjust the temperature of the Air Condition in your home, listen to your favourite music, watch movies, view images from your CCTV cameras and much more!

Fire Fighting Systems

Forlyon security services and fire fighting solutions can help you achieve comfortable, safe environments that protect people and secure assets. We design and implement advanced security systems that deliver simplicity of operation, enhanced effectiveness and cost-effective protection.

Access Control

We solve problems by preventing them in the first place. Our Security Access Control and visitor management systems are designed to control access for employees, contractors & visitors to homes and sites.

Emergency Management

Forlyon Technologies Ltd. ensure that our clients are better prepared for emergencies, we are working with other federal partners to prevent accidents as well as to maintain superior response capabilities. We provide swift response to regulated community, government entities, and victims in case of emergencies.

Security & Surveillance

Our solution offers best line of defense against burglary. Safety & Security. 2 zone Inputs; Door/Window contacts, Break Glass Detector, Shock, Smoke & Gas Detector Protect your home against gas leaks & fires. using Detectors, Gas Valves Controllers and Gas Alerts.

Our Core Solutions (Cont'd)

Public Address/Multi Media Conference Solutions

Our Public-Address Systems Installation is quite powerful and meets all sound reinforce needs on the go, simple to use and easy to operate.

PABX System

20 years down the line in the field of Technologies Acquisition, Forlyon Technologies Ltd pride itself in the deployment of effective installation and maintenance of quality solutions through our solution-based system to our clients and ensure quality service delivery.

Data Networking

Our priority is centered on our client's satisfaction and convenience. We design and deploy reliable networking system which allows nodes to share resources. Multiple devices exchanging data with each other through diverse connection strategy between nodes, over local or remote location securely.

Video Entry System

We specialize in the supply and installation of video entry system for apartment complex, organization industrial site and multi-occupancy building.

Nurse Call System

With improved technologies, nurse call system have become imperative for Hospitals and Nursing Homes to deploy this technology that give the patient the ability to call for assistance with just a click on a call button, and manage Nursing schedules, manage hostile or emergency situations with patients.

Hotel Lock Management

Because we are a solution based company, we supply, install and maintain any type of Hotel Lock and Safe management system for your hotel to ensure guest convenience, energy conservation and room management softwares that ensure accountability and guest security.

Common Facts

1 Demographic facts have revealed that major losses (76%) leading to outright dissolution of establishments could have been averted if some-time less than three percent (%) of the total overhead could be devoted to security and Fire Safety method upgrades.

2 Insurance premiums can be downwardly reviewed by 3% if adequately secured against fire mishaps or ancillary intrusions; this brings about an annual savings that easily offsets cost of systems installation or upgrade over a reasonable period of time.

3 Buildings fitted with an effective, early response fire detection system and adequate fire fighting installations have a record of 1:10,000 fire incidents that result in any sort of major loss.

4 Proficient security and surveillance systems professionally deployed prevent the actual occurrence an intrusion by 76%.

Mission Statement

To help deploy comprehensive & reliable integrated solutions within the living & working environment thus, ensuring enhanced productivity and services delivery.

STAFF PROFILE

Project: PTDF (School of Petroleum Studies)
Location: Kaduna
Scope: Installation of 1000GPM Pump

At the core of our company is a strong engineering culture that allows us to deploy solutions rapidly with confidence.

Our skilled experts will help you get ahead

At Forlyon Technologies Limited we like to think our engineering team is a cut above the rest. Personality, attitude and communication skills are just as important as their technical skills – if not more so.

Our engineers are the ambassadors of our company. Often they're the main face-to-face contact our clients have with Pos-

itive Response, and so naturally we insist your experience with our engineering team should be a very positive one.

Our engineers know that your business needs to keep running with minimal disruption, they'll always be respectful of your property and your team.

They're also fully trained in the particular workings of each our products, solutions and services many of them unique to Positive Response and they'll show you and your team how to operate and test the equipment out, making sure you're completely comfortable with using it.

Beside AP (FO) Filling Station,
Apo, Gudu District, Abuja.

Sir,

LETTER OF AWARD OF CONTRACT FOR CONSTRUCTION/INSTALLATION OF ACCESS CONTROL SYSTEMS @ E-TECH/ ENVIRONMENTAL BUILDING

We are pleased to inform you that your company, FORLYON TECH, has been awarded the contract for Construction/Installation of Access Control Systems in Babcock University.

This contract shall be executed in accordance with the negotiated conditions discussed during your meeting with the Procurement Committee held in the University Bursar's Office on December 12th, 2019 as detailed below:

- Your payment will be made through your account with Babcock Microfinance Bank
- You are to advise us of your account number with Babcock University Microfinance where the contract amount will be credited.
- The total contract sum agreed is ₦3, 500,000.00 (Three million and five hundred thousand naira only).
- Payment Terms:
 - 80% advance payment amounting to ₦2,800,000.00 (Two million and eight hundred thousand naira only)
 - 20% additional payment amounting to ₦700, 000.00 (Seven hundred thousand naira only) to be made after satisfactory delivery of the job
 - 5% withholding tax shall be deducted on the total contracted sum (you are entitled to obtain your receipt for this after one month)

You are to accept in writing within 48hrs of receipt of this letter, failing which the award letter shall be rendered invalid.

All enquiries and correspondence are to be addressed to the Vice-President, Finance Administration/ University Bursar. This is without prejudice to this offer and acceptance by you.

Attn: Mr. FOLAYAN, Olasunkanmi

Dear Sir,

INSTALLATION, PROGRAMMING AND COMMISSIONING OF SELECT EXTRA LOW VOLTAGE SERVICES (HOTEL LOCKS, CCTV, NETWORK, VOICE, ALARM SYSTEMS, CABLE TV) AT THE HAASTRUP MALL, GWARINPA

Refer to your quotation dated 22/11/2019 and entitled "INSTALLATION BILL FORLYON" which was your submission in response to a "Request to Quote for the Completion of IT Infrastructure at Haastrup Mall".

We are pleased to indicate that you have met with our technical and financial criteria within the following Extra Low Voltage Services for which you indicated interest, viz:

1. Supply of Indicated Installation Materials and Installation, Programming and Commissioning of Hotel Locks and Room Automation for **N3,415,781.25** only.
2. Supply of indicated Installation Materials and Installation, Programming and Commissioning of Video Surveillance System for **N1,839,993.75** only.
3. Supply of indicated Installation Materials and Installation, Programming and Commissioning of Bosch Integrated Alarm System for **N1,086,618.75** only.
4. Supply of indicated Installation Materials and Installation, Programming and Commissioning of Ethernet Network Infrastructure for **N1,873,068.75** only.
5. Supply of indicated Installation Materials and Installation, Programming and Commissioning of Cable TV System for **N2,256,450.00** only.
6. Supply of indicated Installation Materials and Installation, Programming and Commissioning of IP PBX System for **N1,674,225.00** only.

1 | Page

Grand Total of N12, 146, 137.50 (Twelve Million, One hundred and forty six thousand, one Hundred and Thirty Seven Naira, Fifty Kobo).

We hereby offer you a contract to carry out all the supply and installation of the items listed above.

1. You will be paid MOBILIZATION FEES in value of **N7,114,000** to cover cost of the materials and other equipment not available in our store.
2. Another sum of **N2,000,000** will be paid to you after the purchased items have arrived at the site store and have been certified by the Project Team. This is a part of your installation fees.
3. A third payment shall be PART II of INSTALLATION FEES of **N1, 286,500** which will be paid upon attainment of 75% of the installation works.
4. The final balance of **N1,745,637.50** shall be paid upon satisfactory completion of the works as certified by the IT technical lead and the Project Manager.

Also note that you are required to carry out this installation within 3 months and that we will not be liable for, or entertain any unnecessary cost incurred in the process.

Please accept our congratulations on the award, while we expect you to reciprocate this gesture by ensuring a timely delivery of a qualitative and professional job.

Thank you.

Yours faithfully

Prince Clement Haastrup
Chairman ENL Consortium Limited

Dear Sir,

COMPLETION OF SENATE BUILDING PROJECT

AWARD OF SUB-CONTRACT FOR FIRE-ALARM AND DETECTION INSTALLATIONS

We write on behalf of the Client, Federal University of Technology, Minna to inform you that your company, *Messrs Forlyon Technologies Integrated Services & Resources* has been awarded the Sub-contract for: *Fire-Alarm and Detection Installations* at the sum of **₦25,189,087.35** (Twenty-five Million One Hundred and Eighty-nine Thousand Eighty-seven Naira Thirty-five Kobo) only with a completion period of Four and a half (4½) weeks calculated from the official date of receipt of your acceptance letter, which is expected from you within three (3) working days of receipt of this award letter. However, the award is subject to your acceptance of the following conditions:

1. Agreeing to construct, execute, complete and maintain the whole said works in strict accordance with the Contract Conditions.
2. Agreeing to the amendments of any anomalies observed in your tender including a breakdown of the priced preliminaries.
3. Executing a performance bond emanating from any approved bank (within two weeks of award) in the sum equal to 10 (ten) per cent of the Award sum.
4. Sign the Sub-contract Agreement within one week of the Award with the Main Contractor.

MALCON ASSOCIATES *Project Management Consultants

Please note that;

1. the Client will not entertain any failure on your part to deliver the Sub-contract work beyond the Four and a half (4½) weeks completion period.
2. the Contract is a fixed Contract with Bills of Quantities and Drawings.

You are advised to contact the Consultant Architects, *Messrs Tunji Kusa & Partners*, 14 Station Road, G.R.A., Ilorin (Tel.: 0803-502-4223) for necessary details and instructions.

Accept our congratulations

Thanks.

Yours sincerely,
for: MALCON ASSOCIATES

Dear Sir,

LETTER OF AWARD FOR INSTALLATION OF FIRE DETECTION, FIRE ALARM AND FIGHTING SYSTEM AT THE BLOCK OF FLATS (BLOCK A) LOCATED AT THE NATIONAL PENSION COMMISSION HEAD OFFICE BUILDING

We refer to your Bill of Quantities (BOQ) for the installation of a fire detection, fire alarm and fire fighting system at the block of flats (Block A) of the National Pension Commission's head office located at plot 174 Adetokunbo Ademola Crescent, Wuse II.

We are pleased to inform you that your company (Messrs Forlyon Technologies Limited) had been awarded the contract for the installation works to be carried out at the Commission's Head Office (Block A) for the contract sum of **N4,981,515.00** (inclusive of 5% VAT) with a completion period of 3 weeks from date of formal handover of site. The detailed breakdown of cost of the contract is provided in the attached Bill of Quantities.

Other terms and conditions of the contract are:

- The offer is valid for 3 days from the date of this letter within which the offer should be accepted.
- The Commission shall pay your company a mobilization fee of 15% of the contract sum upon the submission of an unconditional Bank

Guarantee/Insurance Bond from a reputable bank/Insurance Company in Nigeria covering the entire advance payment.

- The balance of 85% of the contract sum would be paid upon successful installation and Commissioning of the fire detection, fire alarm and fire fighting system.

Please note that the award of this contract is subject to the execution of a formal Contract Agreement between the National Pension Commission and Messrs Forlyon Technologies Limited.

While we congratulate your company on the success in the bidding process, the Commission expects your full commitment and dedication towards the successful execution of this contract.

Thank you.

Yours faithfully,

Peter Aghahowa
